

Volunteers Needed For Research Study

Understanding Participant Perspectives and Barriers to Engagement in Water Quality Citizen Science Research

The SuWell Community Water Project, also known as the Citizen Science + Water Quality initiative at the University of Nebraska-Lincoln is interested in exploring barriers to participation in citizen science programs and ways to improve participant experiences with the program.

To volunteer in the research study, prior participation in the SuWell Community Water project is not required. Anyone 19 years of age or older that lives in Nebraska is applicable.

Participation in this study will happen through one semi-structured interview that will take no more than 30 min. The interview will take place over zoom or phone.

There are no risks involved in this research. Participants will receive a \$50 gift card in compensation for participating in an interview.

If you are interested participating, please fill out this [interest survey](#) or email Meredith Sutton (msutton14@huskers.unl.edu) or Dr. Grace Panther (grace.panther@unl.edu) with any questions, IRB ID: 23437
